EDUCATION

2023 – 2027	BTECH CSE(AIML), Mohan Babu University	(Current CGPA: 8.86)
2022	Class 12th (BIEAP), Vit Junior College	(96.4%)
2021	Class 10th (SSC), Oxford High School	(100%)

INTERNSHIPS

Full Stack Developer Intern Feb 2026 – Present
Infosys–Virtual Intern (Springboard Program)

- Building real-time Java full stack web applications using Spring Boot.
- Developing RESTful backend services and responsive frontend interfaces.
- Applying scalable and maintainable architecture principles in application design.
- Strengthening problem-solving, teamwork, and communication skills through project-based work.

TECHNICAL SKILLS

Programming Languages: Java, Python, JavaScript
Frontend: HTML, CSS, Bootstrap, React.js
Backend: Spring Boot, Spring Security, Java Servlets, JSP
Development Tools: Git, GitHub, VS Code, Maven, IntelliJ IDEA, Eclipse
Database: MySQL
Core Concepts: Data Structures and Algorithms, OOPs, DBMS, REST API's

PROJECTS

FarmchainX — Full-Stack Agricultural Supply Chain System

Technologies: Spring Boot, Spring Security, Spring Data JPA, React JS, MySQL

- Designed and developed a multi-role agricultural platform connecting Farmers, Customers, Delivery Partners, and Admin in a unified system.
- Implemented secure authentication and role-based access control using Spring Security and JWT
- Built end-to-end order workflow including product listing, cart, checkout, delivery assignment, and tracking
- Enabled product traceability using batch tracking, QR verification, and analytics dashboards

EduShare — Materials and Documents Sharing Platform

Technologies: Spring Boot, Spring Security, SpringData JPA, React JS, MySQL

- Developed a full-stack academic resource sharing platform allowing students to upload, browse, and download study materials.
- Implemented an admin approval workflow to validate and publish user-uploaded documents, ensuring content quality.
- Designed role-based access control (RBAC) with separate user and admin functionalities.
- Built RESTful APIs for authentication, document management, and approval operations.
- Created a responsive React.js frontend with search and filtering features for efficient content discovery.

CODING PROFILES

- Solved 250+ problems on Data Structures and Algorithm problems on Leetcode.
- Built and maintained multiple academic and personal projects on Github.

ACHIEVEMENTS

- Hackathon Finalist– Top 20 teams in Code Rush 2K25.
- Earned 100 Days of Code Badge on LeetCode.
- Built multiple full-stack applications using modern web technologies.
